We see Olivella as a space for coexistence between people. An area where we have the ability to develop our own life projects. It is where people contribute, not only by personal efforts, but desiring to build close human relationships, making collective decisions about common coexistence, caring for the weakest, educating the youth and enlightening all of us and assuring a high quality of life.

BETTER LIVING

Housing

- Promote the rehabilitation of homes
- Continue with the identification of unoccupied homes with signs to pinpoint empty homes and bring them to market or to rent.
- promoting a policy of conflict prevention by increasing the control of illegal occupations and encouraging proper home residence.
- Applying the new IBI surcharge to empty housing as approved by the new Government of Spain.
- We will provide support if the detected employment is from families with social vulnerability, and cannot be provided initially with alternative housing

Security

- We will continue investing in road safety campaigns and prevention campaigns.
- Installation of video surveillance cameras to reinforce security in the municipality
- We will cooperate with other services in order to enhance the perception of a safe place.
- We demand (request) increasing the resources of the Cos of the Mossos d'Esquadra to cover the entire territory.

Health

- Require the Generalitat to provide necessary resources guaranteeing a health policy in accordance with the needs of the population.
- We will promote a Local Public Health Plan to improve the quality of life for our citizens
- promote actions in health, education and awareness to improve the quality of life for citizens
- We will adhere to the Healthy Cities movement
- Continue with the deployment of defibrillators in the municipality

Mobility

- Initiate a "door to door" transport service to assist people with reduced mobility to access basic services.
- Encourage shared vehicle use (carpooling) and the use of the electric vehicles.
- Set up recharging stations for electric vehicles
- We will improve bus stops.
- Demand (request) that the Generalitat improves the public transport system. We will make a proactive policy, but we will ask for the authority that corresponds to the higher administration.

Social services

- We will continue to strengthen the work of the Municipal Social Services, responding to exclusion factors such as: access to honest employment, income guarantees and access to housing.
- We will reinforce the struggles against the feminization of poverty by working to detect cases of social exclusion and poverty.
- Offer the services of Day Center in conjunction with the municipality of Canyelles.
- We will continue promoting collaborations with associations and third party sector entities expanding services to the community
- We will maintain and expand services for caregivers.

PROFESSIONAL/WORK

Employment

- Continue developing Local Employment Plans and professional programs for the unemployed, those at exclusion risk and for the youth.
- We will set up an appropriate occupational training programs in the municipality to develop more job opportunities.
- We will promote specific programs aimed at women entrepreneurs
- We will continue to actively participate in territorial employment policies in collaboration with the Local Council, Node Garraf and developing the Garraf Employment Pact.

Innovation and knowledge

- Promote social innovations aimed at fostering empowerment and participation by citizens
- We will continue to collaborate in regional projects linked to research innovations and new technologies
- Promote new areas of direct access to the Internet for the citizens
- We will promote educational programs of creativity, innovation and emotional intelligence at all levels, as a strategic service and encouraging personal growth.
- We will provide spaces for direct Internet access for citizens.

Economic activation

- We will promote the transition of Olivella towards the economy of the future: knowledge, sustainable energy, energy efficiency, digital transition, localized production and circulation
- Promote a cooperative, collaborative and exchange network
- Encourage Third Sector economics in the management of projects promoted from the city council

- We will support and encourage small local commercial activities
- We will promote associations and merchant collectives.

Tourism

- Development of the Tourism Plan of Olivella, a sustainable and quality tourism model linked to the Parc del Garraf ,cultural heritage ,sport and nature .
- We will promote public/privatecollaborationin tourist promotion and management
- Advertise the Olivella tourist brandwith the municipal social and economic agents and in collaboration with the agency Node Garraf
- We will model tourist accommodation types in the regulations while promoting the coexistence between the visitors and the citizens
- We will realize a parking area for motorhomes.
- The self-guided routes of the Olivella trails will be expanded

SPARE TIME = TO LOVE OLIVELLA

Youth

- Promote courses/workshops offering skills in cutting-edge technological subjects (robotics, 3D printing and design, video games ...) aimed at this group.
- We will continue to promote employment plans and labor orientation services for young people in coordination with the Garraf County Council
- We will work to achieve more participation among young people, creating the Youth Council for this reason.
- Promotion of associations and youth volunteering aimed in involving the youth in the socio-cultural life of the municipality.
- We will enable a new location for the Youth Point

Seniors

- We will prioritize programs to combat loneliness, strengthening community services to assist these seniors
- Promote the adaptation of housing for the elderly and those with mobility problems maintaining their living self autonomy.
- Development an active aging program that fosters and facilitates sporting, cultural and leisure activities
- We will set up a Municipal Council for the Elderly

Associations

- The local authorities will continue to support while promoting their enterprises as the backbone of the social cohesionandactivity of the municipality.
- We will support improvement of the entities in order to strengthen them and realise their potential.
- We will promote andsupport cultural and sporting events relevant to the brandof Olivella, generate economic activity and strengthen the identity of the municipality.
- Give support to association activities, projects of economic collaboration and municipal social concern.
- We will propose the drafting of regulations for the Festival Commission aiming for the self-management of the commission and endowing it financially.
- Initiate an examination of Subsidies to assure they are granted in a transparent manner, with equitable criteria and objectives of public interest.

Culture

- Develop a municipal policy of collaboration agreements with organizations and cultural associations that work to promote traditional and popular culture.
- We will promote culturepolicies asan important element of municipal policy,
- Advertisethe cultural,heritage and landscape of Olivella with strategic policies of economic development.
- We will allocate resources for the restoration of heritage and "Piedra seca" elements

Sport

- We will set up programs that promote healthy and active lifestyles.
- Supportsports entities and the AFA to promote extra-curricular sports programs
- We will continue to facilitate access to sport for those from a disadvantaged economic situation
- A scholarship Sports Monitor CIATE (minimum voluntary qualification to exercise as a school sports monitor) for minors who graduate ,and who have participated in sport during school and collaborated in a sports entity .

Coexistence and civility

- We will modify the MunicipalOrdinancesto provide the correct means to ensure citizen coexistence.
- Promote awareness campaigns that advocate respect between people and animals, responsible ownership and combat the abandonment of companion animals.
- We will promote activities that highlight social values such as coexistence in public spaces, environmentalism, respect for the environment, responsible consumption, solidarity and respect for diversity.

DEVELOPMENT

Education

- We will promote training and lifelong learning by supportingadult training programs and workshops .
- Assist the AFA in encouraging extracurricular activities, non-formal education, sports and school reinforcement.
- We will continue to work on improving the schoolbuildings in the municipality
- We will continue to collaborate with the schools in advancing the development of its educational projects.

Urbanism and the environment

- We will restore awarding building licenses.We have reached a consensus with the Department of Urban Planning and the Catalan Water Agency and authorize individual self-cleaning purification systems.
- Adapt urban planning and construction standards to include energy efficiency and sustainability measures in homes.
- We will start drafting and implementing the Municipal Plan for Renewable Energy
- We will invest in the energy improvement of municipal facilities
- Simplify administrative procedures for renewable installations, with new energy ordinances
- We will promote the recycling of most generated waste by maximizing the reuse of all types of materials in the line of a circular economy strategy.
- We will install biomass heating systems in municipal buildings
- We will continue investing in water improvement and water deposits.
- Continuation with forestry maintenance work to clean municipal green areas and perimeter fringes for fire protection. We will extend the opening times for the waste collection service
- We will study the expansion of waste collection schedules
- We will study and deliver a plan for the busy road around the area of Placa Catalunya.

Public roads and parks

- Compose the Public Road Maintenance Plan to properly plan and budget maintenance and improvement actions.

- Continue investment in the improving and renovating of public lighting.
- We will continue to promote maintenance measures; sanitation and upkeep of a quality public space.
- We will invest in urban furniture with the criteria of quality and functionality, promoting the image of Olivella.
- We will continue investing in improving traffic safety and municipal road signs.
- We will build a Skatepark and a calisthenic park (outdoor gym).
- Playground: a new park will be prepared in Mas Mestre, new play elements in Las Colinas and Ganxo, the railing and sand will be changed in Mas Milà.

Facilities

- Develop new areas for civic purposes, rehabilitating and adopting new usages to existing spaces .
- Public buildings will be allocated the necessary resources to facilitate a management model with citizen involvement.
- We will fund a sports court for sport, cultural and leisure activities. The viability and functional studies will be carried out to determine the best option.
- Municipal pool: We will draft the functional, feasibility and construction project in 2020 to expand and remodel the sports and leisure areas of the municipal swimming pool. It should represent a dynamic area for sports and neighbourhood interaction. The construction and management contracts are authorised throughout 2021.
- We will renovate and open the Civic Center of Vinyet discussing the uses and activities hosted there.
- The annex building in the nursery will be opened in order to host the activities of XAM and Punt Jove, plus other activities and workshops.
- We will invest in the rehabilitation and adaptation of "La Sala"
- We will finish the construction of the sports floor of the Plana Novella

Good governance

- We will improve the Citizen Attention Offices, feedback to the citizens and informative service of the City Council .
- We will transfer the mayor's office and extend the services provided to the "Crivellera".
- We will open action for citizen participation in debating the fate of certain investment budget items
- Promote citizen participation giving planning rights to proposals and interventions
- We will approve the Municipal Action Plan 2019-2023 and report annually on its execution.
- Make public hearings to inform and give account of government actions and other questions of municipal interest. .
- Improve the web page and the communication of the city council to guarantee public information on municipal management in an organized and transparent manner.
- Broadcast of the municipal plannings online
- Meetings a minimum of once a year with all the associations of the municipality .
- Apply new technologies for a more efficient and close management for the citizen.
- We will continue to conduct rigorous economic management with the aim of providing local public services, maintaining investments and responding to the objectives of the mandate .
- Involve the third sector in delivery service as a form of empowerment and responsibility to civil society in the area.
